

JERRY BAKER M E M O R I A L V E L O D R O M E

2020 Race Book – COVID addition

Currently racing and classes are NOT running, we will keep everyone up to date on the website and social media.

MONDAY NIGHT RACING

Dates: PreSeason (May 4th – May 18th), Regular Season (June 1st – August 31st)

Categories: Juniors (C,D) Novice Men/Women, Sprintmania (Open), Open TTs

Sanction: ATRA Coverage (no USAC license needed)

WEDNESDAY NIGHT RACING

Dates: Regular Season May 27th June 3rd – September 2nd

Categories: Cat 4 Men, Cat 4 Women, Open 1/2/3s, Open B's (3/4)

Sanction: 2020 - 1132

FRIDAY NIGHT RACING

Dates: PreSeason (May 1st – May 22nd), Regular Season (May 22nd June 5th – September 4th), PostSeason (Sept 11th)

Categories: Pre/PostSeason (1/2 Men, 3 Men, Women(1/2/3/4), Cat 4 Men) Regular (P/1/2 Men, Cat 3 Men, P/1/2/3/4 Women, Juniors, Cat 4 Men)

Sanction: 2020 – 1113

SUNDAY AFTERNON RACING

Dates: ~~May 31st~~, June 28th, July 12th, August 2nd, August 23rd – 1pm

Categories: Cat 1/2/3 Men, Cat 4 Men, Women 1/2/3/4, Juniors, Sprinters

Sanction: 2020 – 1135

SUNDAY AFTERNON BEGINNER RACING

Dates: ~~May 31st~~, June 28th, July 12th, August 2nd, August 23rd – 4pm - Once Category racing finishes.

Categories: Novice Men/Women

Sanction: ATRA Coverage (no USAC license needed)

SPECIAL RACES: Special Race flyers/details start on page 20.

KickOff Weekend: May 22nd & 23rd (Cat 1-4 Men/Women & Juniors)

Fred's Race: June 12th – 14th (Elite/Masters/Juniors Regional Championship)

Schools Out for Summer Event: June 28th 1pm (Cat 1-4 Men/Women and Juniors)

Marymoor GP: August 14th & 15th (Elite Men, Elite Women, Masters 35+ 1/2/3, Juniors)

WHERE: The Jerry Baker Memorial Velodrome located at King County's Marymoor Park in Redmond, WA. Take SR 520 to Marymoor Park Exit and follow signs to park and velodrome.

WHEN: Racing starts at 7pm unless noted otherwise, reg closes 20 min prior. See date ranges above.

WHAT TO BRING: USA Cycling or UCI License, a fixed gear bike with no brakes and an approved helmet. Novice/Cat 4 Men and Women need to have the correct gearing, rollout 22'3" (86" easily achieved by 48x15), New for 2020, 45+ Cat 4/5 riders with their own bikes can ride a 90" gear (50x15), this will be a trial until mid-June and then we will make a final decision. Juniors need to follow their USAC approved gear restrictions.

NIGHTLY ENTRY FEES: See 2020 Schedule of Fees on page 18

PRIZES: Prizes are not available for PreSeason racing. Regular Season Nightly and Omnium prizes are available for Friday Night Racing, see page 17 for breakdown of nightly and season prizes. Special events have their own prize purses.

VELODROME

2020 Race Descriptions

Australian Pursuit – A race where riders start at differing equidistant points around the track. The object is to catch the riders in front and therefore eliminate them from the race. The winner is the last rider remaining (not passed by anyone), or who catches the most in so many laps.

Avalanche - Unknown Snowball (see Snowball definition)

Belgian Win-n-Out - 12 lap race(4x3) with the first bell ringing with 10 to go in the race. The first rider across the line on the next lap takes 4th place. The second bell is rung at 7 to go and that is for 3rd place, 3rd bell is at 4 to go and that is for 2nd place. With 1 to go the final bell indicates 1st place, however if you place 2nd in the final sprint you would win 5th place (not 2nd). Being greedy may not pay! A bit of a gamble to wait for the win and not get it.

BlackJack Points Race – A type of points race where the goal is to get 21 points, if you bust you start over at zero. After a neutral lap points are awarded every other lap. The points awarded are randomized by drawing a card from a deck. Once a rider hits 21 points the remaining places are awarded by the current points totals. If the joker is pulled the race turns into a 1 lap scratch race where the points accumulated do not matter.

Chariot Race – A chariot is an all out one-lap sprint for the finish line from a held standing start. Holders can push riders but may not step across the start line. Riders generally win from heats of 3-8 to make a final. At the starting gun there is one lap to go!

Cops and Robbers - A 5 lap race where the goal is to catch the rider off the front. One rider “robber” starts from a flying start. The pack “cops” start once the “robber” hits the pursuit line or start line on the home straightaway. The “robber” starts with \$30, if they stay away they keep the money. The first “cop” that catches the robber gets \$15, the 2nd \$10 and the 3rd \$5.

Elimination – This is run exactly like the Miss-n-Out (see Miss-n-Out definition) but goes until there is only one rider remaining.

Elimination to Keirin – After a neutral lap, the riders will get a bell indicating that on the next lap, the last wheel across the finish line will be pulled. This will happen on each lap until 6 riders are remaining. The remaining riders will fall in line behind the motor as it rolls out on the back straight. The rider who was first across the line on the last elimination lap will have the obligation to take the motor unless it is taken by another rider. From there the riders will see 3 laps to go with the motor bike pulling off the track on the back straight pursuit line with 1.5 laps to go. As soon as riders are behind the motor, standard keirin rules apply.

JB Tempo – a tempo is run just like a Point-a-Lap, but with 2 and 1 points going to the first and second riders across the line each lap. The final lap is also worth 2 and 1 points. The rider with the most points at the end of the race wins. Ties are broken by the final sprint.

JB Keirin – The JB Keirin is our take on the traditional Keirin - a 4 lap race with 6-8 riders starting from a standing start. The riders draft behind a motorpacer for the first 2.5 laps with the motorcycle gradually accelerating up to 50 kmph before it departs from the track. Riders draw for position prior to the race and must fall into order once the race starts, after half a lap riders can reposition themselves. Once the motor pulls off, with 1.5 laps to go, it is an all-out sprint for the finish line. Riders cannot fully pass the motor before it exits the track.

Keirin – The Keirin is a 4 lap race with 6-8 riders starting from a standing start. The riders draft behind a motorpacer for the first 2 laps with the motorcycle gradually accelerating up to 32 mph before it departs from the track. Riders draw for position prior to the race and must fall into order once the race starts, after 1 lap riders can reposition themselves as long as one rider takes the position directly behind the pacer. Once the motor pulls off, with two to go it is an all-out sprint for the finish line. Riders cannot pass the leading edge of the front wheel of the motor before it exits the track.

International Omnium - Points are accumulated in the first 3 races (scratch, tempo, elimination) (1st – 15, 2nd – 14, 3rd – 13 , etc). Each point then won during the final event – the points race – is added to the riders point total. The rider with the highest score at the end of the points race is the winner. Prizes and upgrade points are based off the overall omnium results for the night.

International Tempo – after the completion of 3 laps the bell will be rung to indicate the start of the sprint laps. The first rider in each sprint shall be awarded 1 point, including the final sprint. Any rider that gains a lap on the main field is awarded 20 points and any rider that loses a lap will lose 20 points.

Madison – The Madison is a high speed, two person points race relay. One partner from each team starts the race from the rail while the “resting” partner pedals slowly along the top of the track. Partners exchange positions by pulling even with each other and then relaying or “slinging” the incoming partner into the race. Like a points race, sprints occurs at pre-determined intervals (typically every 5 laps) during the race, with points awarded the same as a Points Race. If a team laps the field 20 points are awarded, ties are broken by finishing position in the final sprint.

Marymoor Crawl (The Original Longest Lap!) – An event typically open to all racers on that evening. It is a timed track stand (balancing) contest rolled into a chariot race. Riders stage in turn 4 of the velodrome and roll off once the race is on. They may not cross the start line until an unknown timed bell is rung, indicating a 1 lap sprint. During the time prior to the bell, riders may not roll backwards per Sprint Rules; may not touch another rider; may not touch the rail; must stay on the track surface; may not put a food down on the track surface.

Miss-n-Out – This is another mass start race with all riders starting from the rail. After a neutral lap, the riders will get a bell indicating that on the next lap, the last wheel across the finish line will be pulled. This will happen on each lap until a predetermined number of riders (3 to 5) are left. The remaining riders are given a no pull lap and then the last lap is a sprint for the finish line with the first rider across the line winning.

OneKnown – An unknown distance with a twist. Prior to the race everyone will write down the numbers of laps that they want the race to be. A prime lap will ring within the first 5 laps. Whoever wins that prime lap their card is pulled and that is the unknown distance length, a bell will ring the lap prior signifying the last lap. That racer and the officials are the only people that knows the length hence the name – “one” known.

Poker Point-a-Lap – Every lap a card will be revealed and won by a rider the next time across the line. After a set number of laps the rider who has assembled the best 5 card poker hand will be the winner. There is no limit to the amount of cards riders can win. Riders will be placed by the ranking of their hand (Flush beats pair, pair beats high card) and by finishing position in the last sprint if they have no cards. Ace high might be enough for a podium.

Point-a-Lap – A Point-a-Lap is a mass start race run over a set distance with all riders starting from the rail. After a neutral lap, the first rider across the line for each lap earns one point. Second place earns zero points. Final sprint awards 3,2,1 points to the first 3 riders. Rider with the most points at the end of the race wins. Ties are broken by the finish sprint.

Points Race – A points race is a mixture of sprinting and fast endurance racing. A predetermined number of sprints occur at set intervals. For example, a 6x5 points race will have 6 sprints every 5 laps. A bell rings with one lap to go before each sprint. Points are awarded to the top 4 riders across the line for each sprint (5,3,2,1), the last sprint has double points (10,6,4,2). Riders are awarded 20 points if they lap the field – or conversely have 20 points subtracted if they lose a lap to the main field. The rider with the most points at the end of the race wins. Ties are broken by the finish sprint.

Scratch Race – The scratch race is a basic mass start race. All riders start from the rail and race for a set number of laps. A neutral lap may be required at the discretion of the officials. A bell rings with one lap to go. First rider across the line wins.

Snowball – A Snowball is a mass start race run over a set distance. The first rider across the line at the end of the first lap earns one point. The first rider across the line at the end of the second lap earns 2 points, etc., with the number of points for the first rider across the line for each lap “snowballing” until the end of the race. Points only accumulate with the leader of the lap. The rider with the most points at the end of the race wins. Ties are broken by the finish sprint.

Split Scratch - A points race with two sprints (5,3,2,1 both sprints).

Stayers' Race(Derny) – Elite riders act as pacers for juniors in a novelty scratch race. 10-15 lap scratch race distance where the combo must stay together, finish is based on the juniors front wheel.

Unknown Distance (Scratch) – As its name implies, the Unknown Distance is a mass start “scratch race” run over an unknown distance. A bell rings with one lap to go to signal the sprint to the finish.

Unknown Points Race - A set distance of total laps with a predetermined number of sprints, besides the last lap the riders don't know when the intermediate sprints will be. Intermediate sprints will be 5,3,2,1, the final will be 10,6,4,2.

Wheel Race (handicapped scratch) – Riders are handicapped based on their categories and abilities. Stronger riders are given a greater distance to complete. All riders for the night can participate and have an equal chance in winning.

Win-n-Out - 12 lap race(4x3) with the first bell ringing with 10 laps to go in the race. The first rider across the line on the next lap takes 1st place. The second bell will ring at 7 to go and that is for 2nd place, 3rd bell is at 4 to go and that is for 3rd, the last bell is at 1 to go and that is for 4th and the rest of the placings.

Winners Race - a race with 4 or 5 sprints at equal distance (every 2-3 laps depending on the category). To be able to contest the final sprint, you have to win one of the first 3 or 4 sprints. You can not win more than one spot, if you are first over the line for a second sprint the spot goes to the 2nd place rider. After the 2nd to last sprint, the rest of the bunch leaves the track, the lower positions are awarded then. The winners of the previous sprints contest the last sprint for the final placings, if a rider that won an earlier sprint is dropped and pulls out, they get last position in the final sprint.

Series Details:

- We plan on making the call early about rain cancellations.
- If cancelled, we can move the event to another weekend with our permitting.
- Upgrade Points available for category racing where applicable.
- Sunday Racing is NOT a part of the normal weekly omniums.
- Category Racing at 1pm is USACycling Sanctioned.
- Cat 5 Beginner Racing at 4pm (30 min after last race) is ATRA Sanctioned.

Sunday Prizes:

- Daily Omnium prizes will be merchandise and donations.
- Sunday Season Prizes will be based off a raffle system. 1 "ticket" per day raced plus extra "tickets" for podium places. We will be announcing prizes throughout the season.
- Prizes will be awarded at the Season Awards Party.

2020 FNR Season Payout

	Cat 1/2 Men	W 1/2/3	Cat 3 Men
1st	\$400	\$400	\$200
2nd	\$200	\$200	\$100
3rd	\$100	\$100	\$50

Continuing for 2020 – Season omnium will drop your lowest nightly point total (excludes canceled race nights). Kickoff Friday count for season points. Saturday Kickoff, Sunday Racing, Vision GP, Fred’s Race do NOT count. **No participation**

points for 2020 except novelty race starts will grant 1 pt.

2020 Team Omnium

Racers that score points in the following categories (Cat 4 M, Cat 4 W, Cat 3 M, Cat 1/2/3 W, Cat 1/2 M) will add to their team’s total. The team with the most points will receive a painted apron spot for the next season. The design will need to be approved but teams can have some fun with the design (promote a sponsor, advertise your team, flaunt a little bit, etc).

2020 Madison Series Details

We have Madison’s scheduled for May 29th, July 10th, July 31st, August 28th and September 11th (2 Madison Events – Postseason). Register your team (team name, and primary two team members) with the race director at your first race of the season. Subs are allowed with approval of the race director, but one primary rider must ride each round. Points awarded will be the points earned in the events, the races will be scored as “featured” so more points are awarded. The first 4 events will have one Madison a night, the finale will have 2 Madisons. In-Season Madison races will have a separate prize pool as well (\$40,\$30,\$20,\$10). Winners will receive custom belts that they can gloat about for a season until they are passed on to the next team.

JERRY BAKER M E M O R I A L VELODROME

2020 KICK-OFF EVENT – May 22nd & 23rd

WHEN: May 22nd & 23rd Friday- 7pm, Saturday 10am & 6pm.

Breakdown of race schedule are on 2nd page.

WHERE: The Jerry Baker Memorial Velodrome is located at King County's Marymoor Park in Redmond, WA. Take SR 520 to Marymoor Park Exit and follow signs to park and velodrome.

WHO: Cat 1/2 Men, Cat 3 Men, Cat 4 Men, Juniors, Cat 1-4 Women (Cat 1/2/3 and Cat 4 women will be split if both have more than 8 riders), Cat 5 men are eligible for the Saturday morning events (pursuit, sprints, etc).

WHAT TO BRING: USA Cycling or UCI License, a fixed gear track bike (for mass start races Cat 4-5 Men/Cat 4 Women are restricted to a 22'3" roll out (86" gear or 48x15), juniors are restricted to USAC standards) with no brakes and an approved helmet. Be prepared for varying weather conditions with extra warm clothes. **RAIN delays or cancels racing!** Check Twitter feeds for the latest updates (@jbvelodrome)

ENTRY FEE: \$50 for MVA members for all 3 sessions (Friday PM, Saturday AM and Saturday PM), \$25 for one, \$70 for non-members. \$10 per TT, max \$20 if just doing the TT session. Junior entry is \$20 for all 3 sessions. Annual JBMV Memberships are sold at the Velodrome for \$80. RENTAL track bikes are available for \$10/night (free for juniors, women and new riders). Rental bikes are subject to availability on a first come, first serve basis.

PRIZES: Prizes will be based of regular FNR season prizes. Friday will be per race prizes and Saturday will be based of the International Omnium placings.

SANCTION: USA Cycling Permit #2020-pending

That means you must be a USAC member or have a UCI Race License. Annual or one-day USAC memberships can be purchased at race registration, but it is much quicker to get your USA Cycling license online at www.usacycling.org. Remember to print out your "ready to race form" as you will need to present that prior to your membership card arriving in the mail, or have proof with the USAC App on your mobile device.

Jerry Baker Memorial Velodrome

The MVA is a 501(c)(3) non-profit organization, directed by volunteers, which is responsible for track racing activities at the Jerry Baker Memorial Velodrome.
