

All Membership 2020 Minutes

January 26th at Postdoc

Attendance: 23 people

Topics covered:

- Budget
- New beer garden sponsorships
- Class schedules
- Race book
- Special event dates
- Changes in race night categories

General

- Parking pad is only race nights - use the parking lot otherwise
- Safesport information is on usa cycling website under resources - required for all volunteers working with juniors, board members and contractors.
- Viewing party for Olympics? (with roller racing?)
- There is a photo contest for calendars! If your picture gets in, you get a free calendar
- Auction is April 19th

Season pass is available

- Includes membership and pays for all races, bring a check or credit card to Anna
- Also will have team season passes, need to figure that out

Finance

Went over budget

Cost it takes to run racing, USAC insurance fees, race entry cost

Sponsor

- Stanley is supporting us in reducing single-use plastics in the beer garden!
- Postdoc is new beer sponsor

Development

- Cat 4 women on Fridays aren't gear restricted
- Open A/B is now Open 1/2/3 and Master B

Clinic ideas:

- Someone with lots of experience just giving general advice (talking+drills)
- How to glue tubulars
- Sprints (built in to Sunday/Monday sprinting?) - learning different methods like someone has to lead out, kilo, etc. Also Sunday omniums could have a similar thing

Should we gear restrict Madisons?

- Better show? (people more together)
- Safer? (less speed differentials)
- Less safe? (people more together)
- People who are faster not gear restricted are still faster in a 90

Maybe consider moving Master Bs to ATRA Mondays in 2021 to reduce cost (1 day license) if current schedule doesn't increase turnout and that would make the difference

Race

- Went over race book (it's up on the website)
- Monday is ATRA sanctioned, not USAC
- Categories that race each night was shifted around
- Started Sunday racing! Will be fun, but need good turnout!

Season Omnium points: calculating by individual race vs. by night

- Results for top 4 this year were the same either way
- Most people don't have a strong opinion
- By night makes gaps closer
- Not sure how it would work with still having a point for novelty race participation

Meeting powerpoint is posted online
